

LEDP64(SB/K)II

The LEDP64II (LEDP64KII - black model ; LEDP64SBII - silver model) is a powerful high output colour-changing fixture. Designed for medium to large stage use, this unit will provide bright-saturated colours on stage. The LEDP64(SB/K)II has run modes DMX512, standalone or sound to light. ***It also newly features a built-in mic, digital LED display, 38° beam angle, improved colour mixing and 10mm high output LEDs which are 30% brighter than the original!***
